Case # PCA0420798  
Lot Number: Unknown  
Product: Tussin Dm

Dear Laura Harris,

Thank you for your recent request to obtain a Material Safety Data Sheet for the over-the-counter drug products manufactured by the Perrigo Company.

We are pleased to inform you that these products are exempt from O.S.H.A. requirements for hazardous materials.

The Food and Drug Administration has set up strict controls over the drug products that Perrigo manufactures. Under these rules the drug and food products that we produce are not considered hazardous items. Therefore, you are not required to keep a Material Safety Data Sheet on file for these items.

We suggest you keep this letter on file for your records. If we can be of future assistance, please let us know.

Sincerely,

Perrigo Consumer Affairs
